

## Volunteer Parking

Anyone that is on a team or that joins a team will fill out a form. The form will be sent to the Grow Team Director and used only for the purpose of moving of a vehicle.

<https://grow-church.churchcenter.com/people/forms/258099>

### Form information

- Name
- Email
- Team
- Phone number
- Tag information
- Permission for us to collect their tag number and that we will only use the information in an event we need them to move their vehicle

During training of the team member, the trainer will have them fill out the form.

Volunteers will park in the back grass area. If they are staying for both services, they will pull all the way forward to allow for someone to park behind them. If they are staying for only one service, they will park behind someone.

If someone is parked behind you and you need to get out quickly, get the tag number and bring it to the Grow Team Director. They will then reach out to the volunteer to get the car moved.
